TELCO SOLUTIONS

DOLFIN OCEANPRO

CLOUD UCC TELECOM PLAN

Let there be no limiting of productive communication, collaboration, and coordination. Rapidly deploy and implement all essential phone functions and systems in the cloud at a fraction of the cost you pay for your business phone systems. With our *Unified Communication & Collaboration* modules, enjoy secured private instant messaging chat, file sharing, voice prompts, emojis, and video conferencing. Dolfin OCEANPRO promises a lot and delivers so much more.

ABSOLUTE COST SAVINGS

We help you save up to **70%** on call charges and annual fees. Pay less per minute across phone calls made through all dedicated phone lines.

**that's alot.*

NO-LIMIT MODERN COMMUNICATION

Maximise team communication as you enjoy all the benefits of no-limit video conferencing, private instant messaging chat, file sharing, voice prompts, emojis, and more.

COMMUNICATION ESSENTIALS

All the essential and advanced features and functions of telephony systems — interactive voice response (IVR), ring group, call forwarding, call divert, voicemail, 3-party call conference, and more.

COMPATIBILITY. FLEXIBILITY. VERSATILITY

No special hardware and systems required as your communication system works seamlessly and stays connected globally across any device (Android, iOS, Windows, Mac).

KEEP YOUR EXISTING NUMBER

We want zero disruptions when it comes to business as usual. Easily switch to our plan to start saving and keep your original phone number.

SCALABILITY

Expand as you go. Use and pay for only what you need at the moment and add additional phone lines any time at no extra phone line costs.

WORK CLOSER WHETHER TOGETHER OR REMOTELY

Individuals and teams working remotely is more prevalent today than ever before. Enjoy improved communication through existing telephony systems made easy and accessible to teams working across different locations.

MAINTENANCE-FREE ** Quick deployment.*

Get rid of high and unnecessary annual maintenance costs. Completely user-friendly setup and installation. With our smart, customisable, and centralised dashboard, you won't need skilled IT staff for this.

PEACE OF MIND

Top-level security features that maximise cloud security, information privacy, encryption, and disaster recovery to ensure business continuity.

WE GOT YOU

Enjoy dedicated support from a friendly Dolfin specialists at no extra cost to ensure zero hiccups when it comes to maximising your telecom plan.
